

King ROAT

Red Delicious

Semi-spur with dark red colouration

This semi-spur type has an intense, vivid, dark red colour and a naturally high shape. It is a non-glossy Red Delicious with full colour and very good productivity.

Origin

Branch mutation from Hapke, South Tyrol

Licence: KIKU GmbH

Tree

Low to medium growth, very good productivity

Pollinators: Gala, Golden Delicious, Granny Smith, Idared

Harvest

Middle to end of September

Our Tree - Your Success

The Gruber Genetti Nursery has been the epitome of **supremely high quality** apple tree propagation **since 1991**.

Our production site in Roverchiara, Verona/Italy comprises **more than 200 ha**, providing us with a yearly production of **about 2 million apple trees**. Thanks to our many years' experience, our competent staff and state-of-the-art technology, you will receive **high quality saplings** from current varieties and clones.

In addition to comprehensive advice, our service includes **prompt processing** of your order as well as **punctual delivery**.
